

Thank you for listening...

“Dear Sharmaine:

I wish this day didn't have to come. I don't want to say goodbye to you because I love you so much. You have been like a mother to me. I felt like I could tell you anything and you wouldn't judge me differently. Thank you so much for everything. For those nights I couldn't sleep and I would talk to you, for your friendship, for your trust, and your heart. I feel we must have been connected somehow in another life. I'm going to miss you so much I can't even describe it. I wish I could pack you up and take you with me, but in a way I am. I'm carrying you in my heart and soul...

...Remember me and how you saved my life. The times I felt like I couldn't go on. I'm here today because you were there for me.”
