

A YEAR IN REVIEW
FY2020 Annual Report
July 1, 2019 – June 30, 2020

PERSPECTIVE

2020 brought Kids In Crisis a valuable perspective on the importance of being adaptable, proactive and optimistic during a year of hardship for so many.

The past year has taught us that we need to care for ourselves, so we may effectively care for others. We had to make difficult decisions to cancel the fundraising events that Kids In Crisis has relied on. In doing so, we gained opportunities to connect with our family of supporters in new and innovative ways.

We learned that our community mobilizes to help during difficult times. We saw generosity abound, and an uplifting concern for the welfare of our agency, and the population of children and families that we serve. We affirmed that our Kids In Crisis staff and volunteer network are a close group of caring, committed professionals, willing to make personal sacrifices to work in crisis prevention, intervention and resolution. 2020 reminded us that the consistency of the Kids In Crisis mission is vital during times of uncertainty.

Most importantly, we approached every day with gratitude that our doors have stayed open, and we are available to every child in need 24/7/365, as we have been for 42 years. Our longevity is a testament to a need we fulfill for the children in our community, and we've never been more eager, or proud to be of service to them.

None of this rewarding work could have been achieved without the steadfast support from our donors and friends. Thank you for your commitment to Kids In Crisis.
